Web Development
App Development
Data Analyst
Core Java
MySQL
C
C++
Java Script
Node JS

SKILLS

Effective Communication
Team Work
Leadership Qualities
Time Management

SUMMARY

As a BCA student at Bhavan's Vivekananda College in Hyderabad, I specialize in creating engaging, user-friendly web experiences through web development. My passion extends to Android app development, where I integrate frontend skills with mobile technologies. I'm proficient in data analytics, turning raw data into actionable insights and bridging development with analytics. I am committed to staying updated with industry trends, aspiring to become a versatile tech professional.

EXPERIENCE

DATA ANALYTICS - IBM

COURSERA • NOV 2023 - DEC 2023

At IBM, I worked on data analytics, turning raw data into insights. This experience improved my technical skills and supported data-driven decision-making, strengthening my passion for the field.

AI ML - IBM

COURSERA • JUN 2023 - JUL 2023

At IBM, I worked on AI and ML projects, focusing on transforming raw data into actionable insights. This experience enhanced my technical skills in machine learning algorithms and data analysis, enabling me to contribute to data-driven decision-making processes.

VOLUNTEER - SEED

1st Aug 2024

- Volunteered for the seed Global school festival
